

Hayashis Hero [Dawn Endeavor 2]

Book Two in the Dawn Endeavor series (Previous book: Fallons Flame) Genetic manipulation has created the first super soldier, the Circ. Able to transform into hulking, inhuman beasts at will, the second generation of Circs, under Project Dawn Endeavor, is much more dangerous than the first. Psychically gifted, the secret four-man team who once worked for the U.S. Navy now belongs to the mysterious Mrs. Sharpe. Bent on cleaning up science gone wrong around the globe, Mrs. Sharpe sends the men of Dawn Endeavor out on behalf of the United States government. But there's more to her agenda than patriotism. If only the team knew what she really had planned. Kisho Hayashi lives in two worlds. Reality as he knows it is a team of men closer than brothers, Circs he would die for, Circs he would kill for. But in dreams and waking wisps of potential tomorrows, Hayashi is haunted by a single male face that confuses and worries him. He's a trained weapon, comfortable in the beast that lives within his soul. But for a man who sees snatches of the future, he should know better than to think he can outrun his own destiny.
