

## Henry VIII's Health in a Nutshell

MadeGlobal's History in a Nutshell Series aims to give readers a good grounding in a historical topic in a concise, easily digestible and easily accessible way. Tudor histories are rife with facts about Henry VIII's life and health, but as a medical anthropologist, Kyra Kramer, author of *Blood Will Tell*, has learned one should never take those facts at face value. In *Henry VIII's Health in a Nutshell*, Kramer highlights the various health issues that Henry suffered throughout his life and proposes a few new theories for their causes, based on modern medical findings. Known for her readability and excellent grasp of the intricacies of modern medical diagnostics, Kyra Kramer gives the reader a new understanding of Henry VIII's health difficulties, and provides new insights into their possible causes.
