

# Educational Assessment of Students with Pearson eText, Loose-Leaf Version with Video Analysis Tool -- Access Card Package (7th Edition)

Written for a first course in classroom assessment and educational testing, this text is particularly suited for courses that seek to teach students (1) how to use and construct formative and summative assessments for classroom teaching and (2) the basics of educational measurement. The book provides complete coverage of educational assessment, including developing plans that integrate teaching and assessment; using formative assessment strategies and providing effective feedback to students; crafting objective, performance, and portfolio assessments; evaluating students and discussing evaluations with parents; and interpreting state-mandated tests and standardized achievement tests.
