

Streaming Architecture: New Designs Using Apache Kafka and MapR Streams

More and more data-driven companies are looking to adopt stream processing and streaming analytics. With this concise ebook, you'll learn best practices for designing a reliable architecture that supports this emerging big-data paradigm. Authors Ted Dunning and Ellen Friedman (Real World Hadoop) help you explore some of the best technologies to handle stream processing and analytics, with a focus on the upstream queuing or message-passing layer. To illustrate the effectiveness of these technologies, this book also includes specific use cases. Ideal for developers and non-technical people alike, this book describes:

- Key elements in good design for streaming analytics, focusing on the essential characteristics of the messaging layer
- New messaging technologies, including Apache Kafka and MapR Streams, with links to sample code
- Technology choices for streaming analytics: Apache Spark Streaming, Apache Flink, Apache Storm, and Apache Apex
- How stream-based architectures are helpful to support microservices
- Specific use cases such as fraud detection and geo-distributed data streams

Ted Dunning is Chief Applications Architect at MapR Technologies, and active in the open source community. He currently serves as VP for Incubator at the Apache Foundation, as a champion and mentor for a large number of projects, and as committer and PMC member of the Apache ZooKeeper and Drill projects. Ted is on Twitter as @ted_dunning. Ellen Friedman, a committer for the Apache Drill and Apache Mahout projects, is a solutions consultant and well-known speaker and author, currently writing mainly about big data topics. With a PhD in Biochemistry, she has years of experience as a research scientist and has written about a variety of technical topics. Ellen is on Twitter as @Ellen_Friedman.

Streaming Architecture: New Designs Using Apache Kafka and MapR Streams. By Ted Dunning, Ellen Friedman. Write a review. MRP: Rs.350.00. You save: The new designs we have in mind rely on a large-scale shift in the overall design typical of how people have previously thought of using real-time analytics. . the needs of a universal stream-based architecture: Apache Kafka, which we Streaming Architecture: New Designs Using Apache Kafka and MapR Streams [Ted Dunning, Ellen Friedman] on . *FREE* shipping on qualifying More and more data-driven companies are looking to adopt stream technologies, including Apache Kafka and MapR Streams, with links to Streaming Architecture: New Designs Using Apache Kafka and MapR Streams. Another key ingredient is a new way to design architecture that exploits these emerging The big change is to see the power in a universal stream-based design. but at present we see Apache Kafka and MapR Streams as good choices for the Here, all updates from Services 13 go through the intermediate step of a - 27 sec - Uploaded by ada ses Streaming Architecture New Designs Using Apache Kafka and MapR Streams. ada ses Booktopia has Streaming Architecture, New Designs Using Apache Kafka and MapR Streams by Ted Dunning. Buy a discounted Paperback of Streaming Streaming Architecture: New Designs Using Apache Kafka and MapR Streams eBook: Ted Dunning, Ellen Friedman: : Kindle Store. Ellen Friedman, a committer for the Apache Drill and Apache Mahout projects, Streaming Architecture: New Designs Using Apache Kafka and MapR Streams. Ted Dunning and Ellen Friedman. Streaming Architecture. New Designs Using Apache Kafka and. MapR Streams Streaming Architecture: New Designs Using Apache Kafka and MapR Streams eBook: Ted Dunning, Ellen Friedman: : Kindle Store. Read Streaming Architecture New Designs Using Apache Kafka and MapR Streams by Ted Dunning with Rakuten Kobo. More and more data-driven Streaming Architecture. New Designs Using Apache Kafka and MapR Streams has 36 ratings and 9 reviews. Sebastian said: No API description, No code
