

Mysteries, Legends, and Unexplained Phenomena 10-Vol Set

Throughout history, people have had amazing experiences they could not fully explain. From chance encounters with strange creatures to sightings of mysterious lights in the sky, from ghostly apparitions in haunted houses to psychic visions of the future, these occurrences have fueled the idea that entities, powers, and dimensions may exist beyond the everyday world. Each book in the Mysteries, Legends, and Unexplained Phenomena series examines one area of the paranormal and provides the perfect starting point for young readers and researchers alike. With case studies written in a lively you-are-there style and objective accounts of both fact and folklore, these books offer an evenhanded look at mysterious phenomena. Each title includes a historical overview, details of key cases or sightings, evidence that supports or debunks them, theories about possible explanations, and field guides for readers interested in conducting their own supernatural investigations. Designed to inspire readers' imaginations while informing on the known facts in these mysteries, this compelling series is written by occult experts with firsthand experience in researching and investigating the paranormal.

Due to the popularity of the first list of 10 unsolved mysteries, I have created a second list.
