

# The Internet for iMacs For DummiesA (For Dummies (Computers))

After more than two years of hard times, the Macintosh market is once again robust, spurred by the iMac phenomenon. Thanks to the iMac and iBook, Apple is actually building market share these days and is attracting first-time users and Windows converts. Meanwhile, there are over 300 million Internet users worldwide. Whether you want to surf the Web for information, make travel reservations, buy merchandise, exchange e-mail, set up a business, or even listen to music or watch TV, this guide shows you how to put the iMacs renowned Internet capabilities to use.
