**SHOOTING AND FINISHING TRAINING SESSION #1 FOR PLAYERS AGED 5 - 8**

This complete shooting and finishing training session is aimed at players aged 5 - 8 years of age and consists of 5 linked practices. Each session is easy to understand and consists of simple to follow text and graphics.

<p><b>1. Soccer Warm Up - Passing in threes</b> This is a fun, enjoyable warm up exercise that involves passing, support and running with the ball. Incorporate both static and dynamic stretches within the warm up and introduce longer passing and kicking in preparation for the shooting session ahead.</p>	
<p><b>2. Trampoline finishing 3v3 game</b> This is a conditioned and competitive game, with free supporting players who are there to provide the ammunition for the players on the pitch to score. It is also a great game to improve quick passing, movement, support and counter attacks. GK's can also be introduced.</p>	
<p><b>3. 3 v 3 or 4 v 4 shoot through 1 goal game</b> This is a fast moving, fun and enjoyable game to improve close range finishing and shooting skills. The team in possession combine together to score through either side of the goal. Only two attacking players can be on one side of the goal, the other has to be on the other side of the goal. The GK plays both sides of the goal.</p>	
<p><b>4. Shoot through either side of the goal game</b> This is a very active, physical game, so it is great for players' game fitness as well as to improve shooting and finishing skills. The purpose is to create and take lots of shooting and finishing opportunities by scoring through either side of the goals.</p>	
<p><b>5. Cool Down with the coach</b> For young players, the cool down develops good habits for later in their career, when the physical aspect of the cool down becomes very important. It also enables the coach to mentally debrief and chat to the players on the pitch, rather than in the dressing room.</p>
